1 Identification of the substance a	nd manufacturer
Trade name: Product code: Recommended use: Uses advised against: Manufacturer/Supplier: Emergency telephone number:	TIRE SHINE0000200029Paint and coatings application.Any that differs from the recommended use.Seymour of Sycamore917 Crosby AvenueSycamore, IL 60178 USAphone: 815-895-9101www.seymourpaint.com1-800-255-3924
O Henerel(a) identification	
2 Hazard(s) identification Classification of the substance or m Gases under Pressure - Liquefied gas Additional information: GHS Hazard pictograms	hixture H280 Contains gas under pressure; may explode if heated. GHS04
Signal word Hazard statements Precautionary statements	Warning Contains gas under pressure; may explode if heated. Protect from sunlight. Store in a well-ventilated place.
3 Composition/information on ing	redients
Chemical characterization: Mixtures Chemical Description:	
Dangerous components: 74-98-6 propane	1-5%
106-97-8 n-butane	1-5%
4 First-aid measures	
After inhalation: After skin contact: After eye contact: After swallowing: Most important symptoms and effects: Indication of any immediate medical attention needed:	Supply fresh air; consult doctor in case of complaints. Remove contaminated clothing. Wash exposed area with soap and water. Rinse opened eye for several minutes under running water. Rinse mouth with water. Do not induce vomiting. Dizziness No further relevant information available.
5 Fire-fighting measures	
Extinguishing agents: Special hazards:	CO2, extinguishing powder or water spray. Fight larger fires with water spray. No further relevant information available.
Protective equipment for firefighters:	A respiratory protective device may be necessary.
6 Accidental release measures	
Personal precautions, protective equipment and emergency procedures: Methods and material for containment and cleaning up:	Use respiratory protective device against the effects of fumes/dust/aerosol. Absorb liquid components with liquid-binding material.
7 Handling and storage	
Precautions for safe handling Storage requirements:	Use only in well ventilated areas. Keep away from sources of heat and direct sunlight. Do not warehouse in subfreezing conditions. Store locked up.
8 Exposure controls/personal prot	ection
Components with limit values that re 74-98-6 propane	equire monitoring at the workplace:
74-98-6 propanePEL (USA)Long-term value: 1800 mgREL (USA)Long-term value: 1800 mgTLV (USA)see Appendix F Minimal or	y/m³, 1000 ppm

REL (USA) Long-term value: 1900 mg	/m³ RNN nnm
TLV (USA) Short-term value: 1000 ppr (EX)	
Hygienic protection:	Wash hands after use.
	Do not eat or drink while working.
Breathing equipment:	A respirator is generally not necessary when using this product outdoors or in large open areas. cases where short and/or long term overexposure exists, a charcoal filter respirator should be worked to be a short and a short a short a short and a short and a short a sho
Used vote stien.	If you suspect overexposure conditions exist, please consult an authority on chemical hygeine.
Hand protection:	Nitrile gloves. The glove material must be impermeable and resistant to the substance.
Eye protection:	Not required.
Physical and chemical properties	
Appearance:	Aerosol. Aromatic
Odor: Odor threshold:	Aromatic Not determined.
pH-value:	Not determined.
Melting point/Melting range Boiling point:	Undetermined. 100 °C (212 °F)
Flash point:	Not applicable, as aerosol.
Decomposition temperature:	Not determined.
Auto igniting:	Product is not self-igniting.
Danger of explosion:	Not determined.
Lower Explosion Limit: Upper Explosion Limit:	Not determined. Not determined.
Vapor pressure at 20 °C (68 °F):	23 hPa (17.3 mm Hg)
Relative Density:	Between 0.77 and 0.85 (Water equals 1.00)
Vapor density Evaporation rate	Not determined. Not applicable.
Partition coefficient: n-octonal/water	r: Not determined.
Solubility:	Not determined.
Viscosity: Water:	Not determined. 77.2 %
Stability and reactivity	
Reactivity: Conditions to avoid:	Stable at normal temperatures. Do not allow can to exceed 120 degrees Fahrenheit. Do not warehouse in subfreezi
	temperatures.
Chemical stability: Possibility of hazardous reactions:	
Possibility of nazardolis reactions:	Not fully evaluated.
	No dangerous reactions known.
Incompatible materials: Hazardous decomposition:	
Incompatible materials: Hazardous decomposition: Toxicological information	No dangerous reactions known. No further relevant information available. No dangerous decomposition products known.
Incompatible materials: Hazardous decomposition: Toxicological information Information on toxicological effects:	No dangerous reactions known. No further relevant information available. No dangerous decomposition products known.
Incompatible materials: Hazardous decomposition: Toxicological information Information on toxicological effects: Skin effects:	No dangerous reactions known. No further relevant information available. No dangerous decomposition products known. : No data available. No irritant effect.
Incompatible materials: Hazardous decomposition: Toxicological information Information on toxicological effects:	No dangerous reactions known. No further relevant information available. No dangerous decomposition products known.
Incompatible materials: Hazardous decomposition: Toxicological information Information on toxicological effects: Skin effects: Eye effects:	No dangerous reactions known. No further relevant information available. No dangerous decomposition products known. No data available. No irritant effect. No irritating effect.
Incompatible materials: Hazardous decomposition: Toxicological information Information on toxicological effects: Skin effects: Eye effects: Sensitization: Ecological information Aquatic toxicity:	No dangerous reactions known. No further relevant information available. No dangerous decomposition products known. : No data available. No irritant effect. No irritating effect. No sensitizing effects known. Hazardous for water, do not empty into drains.
Incompatible materials: Hazardous decomposition: Toxicological information Information on toxicological effects: Skin effects: Eye effects: Sensitization: Ecological information Aquatic toxicity: Persistence and degradability:	No dangerous reactions known. No further relevant information available. No dangerous decomposition products known. : No data available. No irritant effect. No irritating effect. No sensitizing effects known. Hazardous for water, do not empty into drains. The product is degradable after prolonged exposure to natural weathering processes.
Incompatible materials: Hazardous decomposition: Toxicological information Information on toxicological effects: Skin effects: Eye effects: Sensitization: Ecological information Aquatic toxicity:	No dangerous reactions known.
