

Tool Crib - Tool Maker's Blue Layout Ink

Tool Crib's Tool Maker's Blue Layout Ink is a smooth, cobalt blue coating that enables tool and die markers to scribe accurately without a glare. This product dries fast and will not rub off. It is non-corrosive, resists heat, and eliminates the need for brushes and daubers. To quickly and easily remove this ink, use Tool Crib's Layout Ink Remover.

FEATURES & BENEFITS

- Ideal for sheet metal layouts, alignment of gears and worm drives, and production layout
- Quick dry and non-corrosive
- Adheres to metal, glass, and plastic
- Scribes precise lines without flaking
